

Norquay Construction is a full service General Contractor whose primary focus is on **QUALITY, SAFETY,** and on meeting our Clients **NEEDS.** Norquay's Commitment to Quality begins with providing the highest **QUALITY SERVICE** to Owners, Architects and Developers.

A Message from Our Owners:

www.Norquay.net

The foundation of Norquay Construction was built on our motto:

"Where Quality Meets Commitment"

Honesty, integrity, value and commitment are a part of every project we undertake.

We are celebrating our 20th Anniversary this year and want to thank each and every Owner, Architect, Engineer/Consultant, Developer, Subcontractor, and Supplier with whom we have worked over the years. You are a direct contributor to our success and we appreciate your hard work, dedication and loyalty.

Additionally, a very special thanks goes out to our hard working, superior staff. We truly value your time, commitment and individual contributions!

This milestone year is happening during some tough economic times for us all, which means our commitment and principles are more important than ever. We look forward to working with you in the future and to the continued success of all of our partnering companies.

MISCELLANEOUS

You Know You're A Contractor If...

1. Your dog rides in your truck more than your wife.
2. You wear specific hats to tool sales, equipment auctions, customer appreciation suppers, and vacations.
3. You have ever had to wash off in the backyard with a garden hose before your wife would let you in the house.
4. You've never thrown away a 5-gallon bucket.
5. You can remember the square footage, pounds of nails required, crew labor rates and permit delays on a house you built 10 years ago, but cannot recall your wife's birthday.
6. You have used a velvet leaf plant as toilet paper.
7. You have driven off the road while checking out the new housing development in your neighborhood.
8. You have 'borrowed' gravel from the county road to fill potholes in your driveway.
9. You have buried a dog and cried like a baby.
10. You've used the same knife to exterminate vermin and peel apples.
